## Lemonade (Simply Recipes)

Place 3/4 cup white sugar and 1 cup water into a small saucepan and bring to simmer. Dissolve completely. Remove from heat. Pour 1 cup lemon juice and sugar water into a serving pitcher. Add 2-3 cups cold water. If lemonade is a bit too sweet add a little more lemon juice. Refrigerate 30-40 minutes. Serve with ice and sliced lemons. ENJOY!!

**Hope you have a fun filled summer!**
